## Senior Project Proposal Information Sheet

|       |                 |
|-------|-----------------|
| Name  | Date            |
| Major | Graduation Date |

A significant scholarly or creative project involving research, writing, or special performance appropriate to the major in question is ordinarily completed the senior year. The project is expected to be of sufficiently high quality to warrant a grade of “A” and to justify public presentation.

Under the guidance of a faculty adviser, the senior project should be an original work, use primary sources when applicable, and use the methods and writing style appropriate to the discipline.

**The completed project, to be submitted electronically, must be submitted to turnitin.com and approved by the Honors Faculty Committee in consultation with the student’s supervising professor four weeks prior to the last day of class for the semester the project is turned in.** Please include the adviser’s name on the title page. The 2-3 hours of credit for this project is usually completed as a directed study or in a research class.

**NOTE—Senior Project Proposal Due Date:** The senior project proposal is due in the Southern Scholars director’s office **two weeks after the beginning of the semester the project will be completed.** The proposal should be a detailed description of the senior project’s purpose and proposed methodology.

**Keeping in mind the above senior project description, please describe in as much detail as you can the project you will undertake. Attach a separate sheet of paper.**
