## Senior Year

| Fall Semester | Hours |  |
| :--- | :---: | :---: |
| CHEM 411: Phys. Chem. I (W) | 4 | - |
| CHEM 496: Intro. Research (W) | 1 | - |
| CHEM 498: Research in Chem. | 1 | - |
| BIOL 340, 412, or 418 | - |  |
| Steward., Bus, \& Econ. (IN-9) | $3-4$ | - |
| Electives | 3 | - |

Winter Semester
CHEM 425: Adv. Org. Chem. ${ }^{4}$
MATH 192: Calculus II
PEAC 425: Fit for Hire
U.D. Religion (W) (R-4)
Electives
${ }^{1}$ MATH 191 (Calculus I) may be taken if you have already taken Precalculus Algebra and Trigonometry at the college level or have a math ACT score of 28 or higher. Talk to your advisor regarding the math course for this semester.
${ }^{2}$ PHYS 221-224 may be substituted.
${ }^{3}$ One or more of these courses is often taught during the winter semester; check the course schedule and check with your adviser.
${ }^{4}$ CHEM 425 would count as your chemistry elective; this may be replaced with a different upper-division chemistry course offered during your junior or senior year such as CHEM 321, 415, or 435.
${ }^{5}$ To meet the recommendations of the American Society for Biochemistry and Molecular Biology and the American Chemical Society, MATH 192 must be taken. However, MATH 215 (Statistics) is sufficient to fulfill the requirements for the degree.
