Facilitated by Seventh-day Adventist academies and Southern Adventist University in Collegedale, Tennessee
The Assist Program pairs academy students with mentors. Students improve daily living for mentors by providing companionship and assistance with light housework and yard work. Many students learn new skills from their mentors and discover things they have in common despite the age difference. Following these visits, the Assist Program makes a donation to student accounts to help make tuition for Christian education more affordable.

To participate, academy students need to be:
• Committed to visiting mentors weekly
• Willing to serve, grow, and build a friendship with mentors
• Open to learning from mentors

How do I get paid for visiting senior adults?
• Your academy pairs you with one or more mentors.
• You visit them each week for a set number of hours.
• You write about your visit by filling out an online form.
• The Assist Program credits your account up to $10 per hour.
• When you complete your visits faithfully, Assist grant money can cover up to a quarter of your academy tuition.
• Southern Adventist University will award you a $250 scholarship for each semester you participate in Assist, up to four semesters or $1,000. If you choose to attend Southern, $4,000 over four years can be awarded.
