Guidelines for selecting general session speakers:

- 1) Diversity in campus representatives, genders, races, and ages.
- 2) Keeping in mind however most recent a chaplain may have last presented as a guest speaker.
- 3) Chaplains not asked to be general session speakers may be considered as forum presenters.
- 4) Chaplains serving as the regional CMC planning subcommittee may be heavily involved in preparations.

*Denotes chaplains without prior CMC experience as of November 2022. Typically chaplains are invited to take in the full experience before asking him or her to serve as a general session speaker.
