# CONNECTING WITH EACH OTHER

# Faculty, Staff Welcome New Students at We-Haul

Administrators use the beginning of each fall semester to get their hands dirty and spend some valuable face time with the young people they seek to serve. Students are welcomed to their home away from home by the friendly smiles of volunteers, like Gordon Bietz, who make up the "We-Haul" teams. These employees, alumni, and community members have helped students move into the residence halls of Southern for the last 14 years.

"This is a great way to serve because it makes clear that there is no work beneath any of us," Bietz said. "We are all in this together to make for a good student experience."

Alongside Bietz, administrators such as Chris Carey, vice president of Advancement, and Tom Verrill, senior vice president of Financial Administration, also volunteer for the program.

"It's more than just about the labor; it's about the personal connections," said Evonne Crook, Alumni Relations director and We-Haul volunteer coordinator. "The administrators want to build relationships with the new students."

Carey said he believes We-Haul is a great way to meet students and parents, and to let them know that administrators care. He regularly volunteers with his two daughters, ages 11 and 15.

"Volunteering is just the right thing to do," Carey said. "It helps me stay centered."

Bob Young, senior vice president for Academic Administration, helps students move into the residence halls as part of the We-Haul program.

This year's We-Haul will take place on July 28, August 23, and August 25. Volunteers are needed in all three residence hall locations. **Sign up online** for available time slots or contact Alumni Relations at alumni@southern.edu (ext. 2830). Free T-shirts are available for volunteers.
