CONNECTING WITH EACH OTHER

## Town Hall Emphasizes Awareness, Prevention of Sexual Misconduct

John Foubert, author and nationally recognized expert on sexual assault prevention, spoke at the August 17 Employee Town Hall meeting as part of Southern's ongoing efforts to combat sexual misconduct on campus.

Foubert encouraged the faculty and staff of Southern to open up the discussion about sexual violence on campus and discussed ways employees could address the topic.

"It can start with you," Foubert said. "When you address the whole campus, talk about sexual violence. Talk about the fact that you know that it occurs here and that...we're going to do everything we can to stop it. Anyone should feel comfortable coming to an administrator or counselor and saying 'this is what happened to me.'"

Dennis Negrón, vice president for Student Services, said efforts to open up the discussion about sexual misconduct among students started last year. Approximately 1,000 students were emailed an online module to teach them how to recognize sexual misconduct on campus and what to do if those situations were to occur. Since the initiation of this and other efforts, the number of sexual misconduct incidents reported on campus rose from four to 15, indicating that victims were reporting abuse instead of keeping quiet.

John Foubert speaks about sexual misconduct at the August 17 Town Hall meeting. The PowerPoint presentation from his talk has been archived for your viewing.

"The more an institution educates its students about sexual violence, the higher the rate of rape is," Foubert said. "When that rate goes up, it's an increase in reportings, not necessarily actual incidents."

Due to its success, the module will now go to all new students every year as part of orientation. To further open the discussion, Katie Koestner, a date rape victim who has appeared on *The Oprah Winfrey Show* and *Good Morn-*

*ing America*, among others, will speak at convocation on Wednesday, September 23. Then for Thursday convocation the next day, a judge, two lawyers, and student actors will conduct a mock date rape trial. With help from employees, these events will make Southern a safer place for students.

"We have one huge social problem on our hands," Foubert said, "and it's time we began working to solve it."

### COMPLAINT REPORT FORM

Regulations require that the university records complaints and makes sure they are responded to in a timely manner. Share the concern by visiting [southern.edu/marketing](http://southern.edu/marketing) and clicking on "Complaint Repository."

### 'SUCCESS STORY' LISTSERV

Southern has created an email listserv for employees to share success stories (of students, staff, alumni, donors, etc) in variety of areas (academic, spiritual, financial, social, etc). [Stories@lists.southern.edu](mailto:Stories@lists.southern.edu) is an important tool for collecting these testimonies. We need to remind others—and be reminded ourselves—about the numerous ways God has blessed Southern. Marketing and University Relations will take each story, categorize it, and includes it in a searchable and login-protected database that will, in the next few months, be found at [southern.edu/stories](http://southern.edu/stories). To be added to this listserv, email [Lucas Patterson](mailto:Lucas Patterson).
