

GUIDE TO

Academic **Advising** 2011-2012

Prepared by Records and Advisement

P.O. Box 570, Collegedale, TN 37316

PREFACE

The *Guide to Academic Advising* is designed to provide faculty with a current, practical, and easy-to-read advising resource to be used in conjunction with the *Southern Adventist University* catalog and *WebAdvisor*. It includes a sample course schedule for all of the majors offered at Southern Adventist University. However, this *Guide* does not take the place of the major advisor. All students must check with their department or school and their advisor before the beginning of each semester to confirm that the classes they wish to take are indeed the best ones to meet the interests of the student and the graduation requirements.

1. Because of problems concerning time, expense, fairness, and test security, **final examinations must be taken as scheduled** in the official examination schedule.
2. The 8:00 a.m. test period includes classes starting before 8:00 a.m. which continue into the 8:00 a.m. hour. Classes that meet after 6:00 p.m. will be given at the regular class time during test week.
3. If a course does not include a final examination, the class should plan to meet during the scheduled time since it is counted as a part of the total instructional time.
4. Students with four exams on one day, or with three exams scheduled consecutively, **may request** to have an exam rescheduled. See the Associate Vice President for Academic Administration for a request form. Travel arrangements that include early departure should not be made prior to receiving written authorization from the Associate Vice President for Academic Administration. Rescheduling a midterm or final is **\$65 per class**.

English Placement

Southern Adventist University requires either the ACT and/or SAT national test scores from new students or transfer students. To be eligible to enroll in ENGL 101, a student must have an ACT English score of 18, an SAT language score of 450, or a TOEFL score of 550 (an IBT TOEFL score of 79; a CBT TOEFL score of 213). The English Department recommends completing ENGL 100 or an EESL class before retaking the ACT, SAT or TOEFL. However, passing ENGL 100 or an EESL class is not a substitute for a passing score on the examination.

Math Placement Test

Students with ACT Math (16) and/or SAT Math (390) must take one mathematics course (100 level or above).

Math 080 is required of all students who meet neither of the following criteria: 1) ACT Mathematics score of 16 or above, 2) Completion of high school Algebra II with a grade of C or better. If MATH 080 is required, it must be completed with a grade of C or better before the student registers for any other mathematics course.

Basic Computer Competencies

Southern Adventist University defines computer competencies as including both concept-based competencies and skill-based competencies.

All students must demonstrate the concept-based computer competencies by:

Taking or challenging CPTE 100 online

Passing the concept-based Computer Competency Exam administrated by the School of Computing or take

BUAD 217, CPTR 110, ECED 250 or EDUC 319

Creating my Southern Account:

1. Go to <http://southern.edu> and click on **Current Students**
2. Under the title **Account Management**, click on **Create Account**
3. Follow the instructions to create your Southern email account. You will need to know your campus ID number, birth date and social security number.

Web Registration:

1. After you create your account, return to <http://southern.edu>, log in, click on **Current Students, Academics/Register for Courses**. You will see the **Registration Tools**.
2. Follow the instructions for each step of the Registration Tools.
3. Once you register for classes, an email will go to your adviser who will approve your classes.
4. Booklists are available at <http://southern.edu>, log in, click on **Academics**, then click on **My Book List**. Print out the book list and take it to the Campus Shop to receive your books.

View Your Grades:

1. Go to <http://southern.edu> and log in.
2. Go to **My Access** and click on **Academics**
3. Under Academics click on **My Grades**

View Your Degree Audit:

1. Go to <http://southern.edu> and log in.

Dentistry

Adviser: Keith Snyder

Pre-dental training in college/university requires a minimum of three years of study; however, a preference is given to those who have completed a fourth year, earning a bachelor's degree. Students may major in the field of their interest. Although a thorough background in the biological and physical sciences is essential to the study of dentistry, a broad educational background in the humanities is desirable. Upper division biology courses are recommended to prepare for the Dental Admissions Test and for the first year of basic science courses in dental school.

Application to dental school should be made one year previous to the one for which admission is desired. Successful applicants should have a minimum GPA of 3.00 in both science and non-science courses as well as satisfactory performance on the Dental Admissions Test. Information regarding the Dental Admission Testing Program may be obtained from the American Dental Association, 211 East Chicago Avenue, Chicago, IL 69611 or on the web at www.ada.org.

The following courses must be included to meet the minimum requirements for admission to Loma Linda University School of Dentistry:

BIOL 161-162.....	10 hours
CHEM 151-152, 311-312, 351	19 hours
ENGL 101-102	6 hours
MATH 120*, 121*	5 hours
PHYS 211-212, 213-214.....	8 hours

**Waived if equivalent math was taken in high school with minimum grade of B.*

Strongly recommended courses: Anatomy (BIOL 416), Animal Physiology (BIOL 418)

Recommended courses: Business classes such as Accounting/Management, and a hands-on class such as Ceramics/Sculpture.

Medicine

Advisers: Joyce Azevedo, Loren Barnhurst, Ann Foster, Rick Norskov, Rhonda Scott, Keith Snyder, Lee Spencer, Neville Trimm

Secondary school students who look forward to a career in medicine are advised to include mathematics and science courses during their high school years.

Most applicants complete a Bachelor's Degree prior to entrance into medical school. Exceptional students may be eligible to apply after completion of a minimum of 85 semester hours. Applicants for admission to the Loma Linda University School of Medicine should maintain a grade point average of at least 3.50 in both science and non-science courses. The following courses without an asterisk must be included in the applicant's academic program. Medical schools generally do not accept CLEP or AP credits for these basic science courses. Classes with (*) asterisks mathematics are recommended. Please check the specific requirements for individual medical schools.

BIOL 161-162.....	10 hours
CHEM 151-152, 311-312	16 hours
ENGL 101-102	6 hours
MATH 120*, 121*	3 hours
PHYS 211-212, 213-214.....	8 hours

**Waived if equivalent math was taken in high school with minimum grade of B.*

Strongly recommended courses: Biochemistry (CHEM 351), Cell and Molecular Biology (BIOL 412), Animal Physiology (BIOL 418), Developmental Biology (BIOL 313) Animal Histology (BIOL 417), Human Anatomy (BIOL 416), Statistics (MATH 215).

NOTE: *It is recommended that one of the first three courses be taken before taking the MCAT.*

Recommended courses: General Microbiology (BIOL 330), Immunology (BIOL 340), Calculus I (MATH 181), Business courses such as Accounting/Management.

Applicants are also encouraged to obtain experience where they are directly involved in the providing of health care. The Biology Department collaborates with Chattanooga's Erlanger Medical Center in a premedical preceptorship program. This program provides the opportunity for upper division pre-medical students to shadow resident physicians in the hospital for up to 24-hour periods.

The applicant is required to have taken the Medical College Admission Test (MCAT) prior to consideration by the admissions committee. For entrance into medical school following graduation, the student should plan on taking the MCAT by September preceding the senior year. All of the above required science courses should be completed by this time to insure maximum performance on the MCAT exam. To register for specific dates, see the <http://aamc.org/mcat> website.

Once or twice each year representatives from LLU and other schools of medicine visit the campus to interview prospective students. Premedical students are encouraged to make appointments to speak with them.
