Preface

The ***Guide to Academic Advising*** is designed to provide current and prospective students with a current, practical, and easy-to-read advising resource to be used in conjunction with the ***Southern Adventist University*** catalog and ***WebAdvisor***. It includes a sample course schedule for all of the majors offered at Southern Adventist University. However, this ***Guide*** does not take the place of the major adviser. All students must check with their department or school and their adviser before the beginning of each semester to confirm that the classes they wish to take are indeed the best ones to meet the interests of the student and the graduation requirements.

First Year Experience

The First Year Experience office has an advising team that actively reaches out to students who have been accepted into Southern Adventist University. They are well equipped to provide important information and to assist new students with registration.

First Year Experience also facilitates connecting each student with an academic adviser in his or her chosen area of study who can answer questions about degree requirements and other specifics related to the student's major.

In addition, a FREE informational video chat is hosted on a regular basis to highlight information that new students and their parents need to know.

Office hours are 9 a.m.-5 p.m. Monday through Thursday and 9 a.m.-12 p.m. on Friday (Eastern Time).

Steps to Get Started:

- Register at southern.edu/fye for a video chat with a first-year adviser who will explain important information that is necessary before arriving on campus.
- Call the First Year Experience office at 423.236.3100 for assistance with registering for classes.
- Email fye@southern.edu with questions or to set up an advising session.

Christian Service Requirement

Following Jesus' example, Southern Adventist University encourages students to integrate their faith and learning. The Christian Service graduation requirement is intended to help students develop the ability to become contributing members of churches, families, groups, and communities.

The Christian Service Program requires students to serve in two main categories: community service and service-learning as follows:

Complete:

1. Three organized and pre-approved service events (3-5 hours each). Transferring sophomores need to complete two activities. Transferring juniors or seniors, and associate graduates need to complete one.
2. Two service-learning experiences such as those included in (SERV-2) designated courses, short-term mission trips or approved student-led projects (15 hours minimum each). Transferring sophomores need to complete two. Transferring juniors or seniors and associate graduates need to complete one.

It is the student's responsibility to identify and successfully complete these requirements one semester prior to graduation.

Placement Tests

English Placement

Southern Adventist University requires either the ACT and/or SAT national test scores from new students or transfer students. To be eligible to enroll in ENGL 101, a student must have an ACT English score of 18, an SAT Writing score of 450 or an R-SAT score of 25. The English Department recommends completing ENGL 100 or an EESL class before retaking the ACT or SAT. However, passing ENGL 100 or an EESL class is not a substitute for a passing score on the examination.

Math Placement

MATH 081 is required of all students whose ACT Mathematics standard score is 15 or below or SAT score is 360 or below. If MATH 081 is required, it must be completed before the student registers for any other mathematics course.

- ACT contains four (4) subtests: Reading, English, Math and Science. The ACT composite score is the average of the four required subtests.
- RSAT (Redesigned SAT) contains two (2) subtest: Evidence-Based Reading & Writing (EBRW) and Math. The SAT Composite score is calculated by adding the subtest scores.
- The source for these conversions (except as noted) were taken from the 2018 concordance tables developed jointly by ACT and the Collegeboard. Conversions of ACT English to RSAT W&L are from the 2016 concordance tables developed by the Collegeboard. 2018 tables did not provide a direct ACT English concordance.
- Southern's acceptance policy uses either the ACT Composite score or the RSAT total for tests.

Student Access to Online Resources

Creating my Southern Account:

1. Go to <https://myaccess.southern.edu> and click on **Helpful links for...>Current Students**
2. Click on **Create Account button**
3. Follow the instructions to create your Southern email account. You will need to know your campus ID number, birth date and social security number.

Web Registration:

1. After you create your account, return to southern.edu, log in, click on **Current Students, Academics/Register for Courses**.
2. Once you register for classes, an email will go to your adviser who will approve your classes.

View Your Grades:

1. Go to southern.edu and click on **My Access** then log in.
2. Double-click on Photo Box
3. Click on Academic History to view Grades

View Your Student Planner:

1. Go to southern.edu and click on **My Access** then log in.

Non-Degree Preprofessional Programs

Dentistry

Adviser: Keith Snyder

Most dental schools now require a bachelor's degree as a prerequisite for entering. Students may major in the field of their interest, but those weak in ACT / SAT scores should seriously consider majoring in a science area. Although a thorough background in the biological and physical sciences is essential to the study of dentistry, a broad educational background in the humanities is desirable. Upper division biology courses are recommended to prepare for the Dental Admissions Test and for the first two years of basic science courses in dental school.

Application to dental school should be made one year previous to the one for which admission is desired. Successful applicants should have a minimum GPA of 3.40 in both science and non-science courses as well as satisfactory performance on the Dental Admissions Test. Information regarding the Dental Admission Testing Program may be obtained from the American Dental Association, 211 East Chicago Avenue, Chicago, IL 69611 or on the web at www.ada.org. **NOTE: General Biology, General Chemistry and Organic Chemistry are required before taking the DAT.**

The following courses must be included to meet the minimum requirements for admission to Loma Linda University School of Dentistry.

- BIOL 151 - General Biology (I-4a) **4 hours**
- BIOL 152 - General Biology (I-4a) **4 hours**
- CHEM 151 - General Chemistry (I-4b) **4 hours**
- CHEM 152 - General Chemistry (I-4b) **4 hours**
- CHEM 311 - Organic Chemistry **4 hours**
- CHEM 312 - Organic Chemistry **4 hours**
- CHEM 361 - Biochemistry I **4 hours** (No lab required)
- ENGL 101 - Critical Think in Ac Rdg & Wrtg I (I-1a) **3 hours**
- ENGL 102 - Critical Think in Ac Rdg & Wrtg II (I-1b) **3 hours**
- MATH 120 - Precalculus Algebra (I-2a) **3 hours ***
- MATH 121 - Precalculus Trigonometry (I-2a) **2 hours ***
- PHYS 211 - General Physics I (I-4d) **3 hours**
- PHYS 212 - General Physics II (I-4d) **3 hours**
- PHYS 213 - General Physics Laboratory I **1 hour**
- PHYS 214 - General Physics Laboratory II **1 hour**

**Waived if equivalent math was taken in high school with minimum grade of B.*

The following courses are strongly recommended:

- BIOL 416 - Human Anatomy **3 hours**
- BIOL 417 - Histology **3 hours**
- BIOL 329 - Microbiology **3 hours**
- BIOL 340 - Immunology **3 hours**
- BIOL 418 - Animal Physiology **3 hours**
- ACCT 221, 222 Principles of Accounting **6 hours**
- MGNT 334 or 372 Small Business Management or Principles of Management **3 hours**

Non-Degree Preprofessional Programs

Medicine

Advisers: Joyce Azevedo, Loren Barnhurst, Ann Foster, Brent Hamstra, Lucinda Hill, Rick Norskov, Rhonda Scott, Keith Snyder, Ben Thornton, Tim Trott, Aaron Corbitt, David Nelson

Secondary school students who look forward to a career in medicine are advised to include as many mathematics and science courses during their high school years as possible.

Most applicants complete a Bachelor's Degree prior to entrance into medical school. Applicants for admission to the Loma Linda University School of Medicine should maintain a grade point average of at least 3.50 in both science and non-science courses.

Applicants are also encouraged to obtain experience where they are directly involved in the providing of health care. The Biology Department collaborates with Chattanooga's Erlanger Medical Center in a premedical preceptorship program. This program provides the opportunity for upper division pre-medical students to shadow resident physicians in the hospital.

For entrance into medical school following graduation, the student should plan on taking the MCAT by September of the senior year. All of the below courses except English are required to be finished before taking the MCAT test. To register for specific dates, see the <http://aamc.org/mcat> website.

Once or twice each year, representatives from LLU School of Medicine visit the campus to interview prospective students. Premedical students are encouraged to make appointments to speak with them.

Most medical schools are members of the American Medical College Application Service (AMCAS). Applications must be submitted through this service. The AMCAS application may be obtained from the Counseling and Testing Office, directly from AMCAS, or filled out electronically on the web. Applications are available between May 1 and November 1 for entry into medical school the following year (<http://aamc.org>). Early submission (application) is encouraged.

The following courses must be included in the applicant's academic program. Medical schools generally do not accept CLEP, online courses, or AP credits for these basic science courses. Please check the specific requirements for individual medical schools.

- BIOL 151 - General Biology (I-4a) **4 hours**
- BIOL 152 - General Biology (I-4a) **4 hours**
- CHEM 151 - General Chemistry (I-4b) **4 hours**
- CHEM 152 - General Chemistry (I-4b) **4 hours**
- CHEM 311 - Organic Chemistry **4 hours**
- CHEM 312 - Organic Chemistry **4 hours**

FOURTH YEAR					
The clinical program through Andrews University covers one calendar year.					
TOTAL HOURS (min. required to graduate)					124

Note: **Twenty hours** of upper division credit, including **two writing (W)** courses, are required. One (W) course must be in a cognate area and one in a non-cognate area.

♦It is not advisable for a student scoring below an ACT Composite of 26 to take General Biology and General Chemistry concurrently.

*Can be waived if taken in high school with a minimum grade of B. The student must take an elective class to replace the math class.

**Recommended electives: PHYS 211-214, CHEM 315, 321, 361; MGNT 334.

*** Recommended BIOL 315 (Winter every other year) or 424 (Fall/Winter), (W)

*Refer to general education requirements for acceptable options.

** To fulfill the total 92 semester hours required, electives should be chosen from service-related courses, business, cultural and diversity courses, arts and humanities, physical activities and nutrition. At least 15 overall upper division credits are required, 9 of which must be in one content area. The number of LD/UD electives will vary depending on what options are chosen for required course work.

***The minimum Biology electives include: one three (3) credit human biology course with lab and Physiology of Exercise or Human Anatomy. The recommended Biology elective required is Physiology of Exercise and Human Anatomy

Important Note: Observation Hours: Students must complete a minimum of 80 observation hours supervised by a licensed physical therapist in at least 3 different settings; at least 20 hours must be in an inpatient acute care or hospital setting. Please note that sub-acute, rehab, skilled nursing home or extended care facilities do not qualify as a hospital or acute care setting. See PTCAS for a copy of an Observation Hour Verification form.

*If you have already taken Precalculus Algebra, Math 191 (Calculus I) may be taken fall semester. Talk to your advisor regarding the math course for winter sem.

**Only MATH 215 counts toward general education requirements in area IN-4. MATH 192 may be taken as an elective.

***CHEM Elective: Check with your adviser to determine which chemistry courses will be offered during your junior and senior years. Physical Chemistry II and Inorganic Chemistry will be offered the same winter semester, while Adv. Organic Chemistry will be offered in the alternate winter semester. If you wish to take Biochemistry I or Instrumental Analysis as your elective, it is offered during the fall semester. (Instrumental Analysis in alternate years)

****PHYS 221-224 may be substituted.

May need 6 hrs. elementary foreign language if not 2 years in high school.

¹ MATH 191 (Calculus I) may be taken if you have already taken Precalculus Algebra and Trigonometry at the college level or have a math ACT score of 24 or higher. Talk to your advisor regarding the math course for this semester.

² MATH 192 (Calculus II) is a prerequisite for PHYS 222. If PHYS 211 & PHYS 212 are taken instead of PHYS 221 & PHYS 222, MATH 215 (Statistics) may be taken to fulfill degree requirements. If MATH 215 is taken one additional elective credit must be taken to fulfill degree requirements.

³ PHYS 211 & PHYS 212 may be taken instead of PHYS 221 & PHYS 222, and PHYS 213 & PHYS 214 may be taken instead of PHYS 223 & PHYS 224. If PHYS 211-214 are taken, two additional elective credits are required to fulfill degree requirements. Students planning to pursue a B.S. degree in Chemistry following completion of the A.S. degree should take PHYS 221-224.

⁴ Courses with the RELB prefix (except for RELB 125, 255, 455, 497) may also be taken to fulfill religion requirements for the A.S. degree.

⁵ CHEM 205 (Tutoring Chemistry) is a recommended one-credit elective that fulfills Christian Service requirements. CHEM 315 (Quantitative Analysis) is a highly recommended four-credit elective for students pursuing a four-year chemistry degree or employment in chemistry following completion of the A.S. degree.

*BSN General Education requirements

NOTE: Graduate with A.S. degree, take NCLEX-RN

Important Advising Note: The School of Nursing (SON) program at Southern Adventist University (SAU) *leads to a baccalaureate degree (BSN) with an embedded associate degree (AS).* When you apply to SAU, you are encouraged to declare AS/BSN Nursing Majors. See the **AS/BSN Sample Schedule** that incorporates the classes needed to complete a BSN degree in 4 years. AS Nursing schedule shows only classes required for the AS degree.

Finish BS in 2 more semesters on campus, if BSN gen. ed. are already completed, or 4 semesters Online, or 2 years in Chattanooga.

A.S. Physical Therapist Assistant

2020-2021 Sample Course Schedule — *This is a recommended schedule and may be altered as needed. Consult your adviser when making changes. See degree audit for Christian Service requirements. Please note that the minimum required courses for acceptance into the AS PTA program are as follows: BIOL 101 & 102, PHYS 127, MATH 215, with a minimum grade of 78%, See catalog for all admission requirements (1-year general education/prerequisites + 1-year A.S. degree)*

Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, VA 22314; phone: 703-706-3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states. Southern Adventist University is seeking accreditation of a new physical therapist assistant education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, on June 1, 2018. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the professional phase of the program; therefore, no students may be enrolled in professional courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assume that the program will be granted accreditation.
