

## Hulsey Wellness Center COVID-19 Swimming Pool Guidelines

### Patrons

1. Stay home if you are sick.
2. Wear face cloth when entering Hulsey building.
3. Must participate in the daily health assessment required to enter a building on the Southern Adventist University campus.
4. Remain 6 feet away from other pool users both in the water and on the deck.
5. Avoid touching your face.
6. Use hand sanitizer after leaving the pool or wash your hands with soap and water at least 20 seconds.
7. Bring your own towel.
8. Bring your own chair if you plan on sitting on the deck.
9. Hulsey locker rooms are open but it is recommended that patrons come dressed to swim and leave in swim wear. Bring a bag to put clothing and shoes in and leave bag in designated spot on deck while swimming.
10. Bring your own pool items and toys. Do not share pool items or toys.
11. While on the deck wear face cloth.

### Lifeguards

Be screened for temperature (100.4 or above) and COVID-19 symptoms prior to the start of shift. Ask: Have you been in close contact with a confirmed case of COVID-19? Are you experiencing a cough, shortness of breath or sore throat? Have you had a fever in the last 48 hours? Have you had new loss of taste or smell? Have you had vomiting or diarrhea in the last 24 hours?

1. Staff will be required to participate in the daily health assessment (temperature and symptom check) required to enter a building on the Southern Adventist University campus.
2. Periodically use hand sanitizer and wash hands at least 20 seconds.
3. Wear a face cloth when not in the water.
4. Lifeguard office limited to one person at a time. Hands sanitized upon entering and leaving. Disinfect the office daily and shared office objects each time they are used.
5. Self-report if you have symptoms of COVID-19, a positive test for COVID-19, or were exposed to someone with COVID-19 within the last 14 days.

### Pool Operator

1. Locker rooms available with limited lockers set to day use only. Restrooms open. Sanitization in restrooms every 30 minutes.
2. Enter the pool through entrance door and exit through exit door.
3. Open swim. Limit the number of people at the pool at one time to ensure physical distancing. Limit pools to 30% capacity (Coolidge Pool Capacity 75 limit to 25; Hulsey pool capacity 45 limit to 15).
4. Lap swim in Coolidge Pool limit capacity to 6 swimmers who can use the lane on a first come basis for maximum time of 45 minutes.
5. Remove benches on the deck. Patron sitting on the deck must bring their own chair.
6. Place markings on edge of pool tile and on deck to promote 6 feet social distancing.
7. Place multiple signage around pool to promote COVID 19 safety.
8. Sanitize frequently touched surfaces at least daily and shared objects each time they are used (i.e., tables, pool furniture, swim aids, door handles, surfaces of restrooms, handwashing stations, diaper-changing stations, and showers).
9. Set up a system for things used that needs to be cleaned and disinfected so they are kept separate from already cleaned and disinfected items (i.e., kickboards, pool noodles, aerobic equipment, life jackets).

10. One lifeguard staff member on deck responsible/monitoring for COVID-19 compliance by patrons.
11. Communicate to local health department of COVID-19 cases.
12. Notify staff, patrons, and swimmers (as feasible) of potential COVID-19 exposures while maintaining confidentiality in accordance with the Americans with Disabilities Act (ADA).
13. Implement sick leave (time off) policies and practices for staff that are flexible and non-punitive.
14. Develop return-to-work policies aligned with CDC Criteria to discontinue home isolation.
15. Train staff on all safety protocols.

#### When someone gets sick

1. Immediately isolate the person who is sick from staff, patrons, or swimmers.
2. Notify local health department.
3. Inform those who had close contact with the person to stay home and monitor for symptoms and follow CDC guidelines if symptoms develop.
4. Close the area off used by a sick person.
5. Wait 24 hours before cleaning and disinfecting the area used by the infected person.
6. Require two negative COVID-19 test one week apart before returning to work.
